# Remote OSTPV/MPV
Terminal Services Procedure

1. Our implementation of Running MPV/OSTPV through terminal services requires Checkpoint's VPN SecuRemote Client. If you already have Checkpoint's VPN SecuRemote client configured with the site **fohosc.msfc.nasa.gov,** proceed to step 2. For instructions on obtaining, installing, and configuring the VPN client with the appropriate site information, With Internet Explorer 4.0 or higher, Go to https://aristotle.hosc.msfc.nasa.gov/POIC_Page/SecureRemote.htm

2. Start **Microsoft Internet Explorer 4.0** or above.

3. Browse to Flight Support Tools website: https://fst.dmz.hosc.msfc.nasa.gov/ and click **Yes** on the Security Alert window for wanting to proceed.
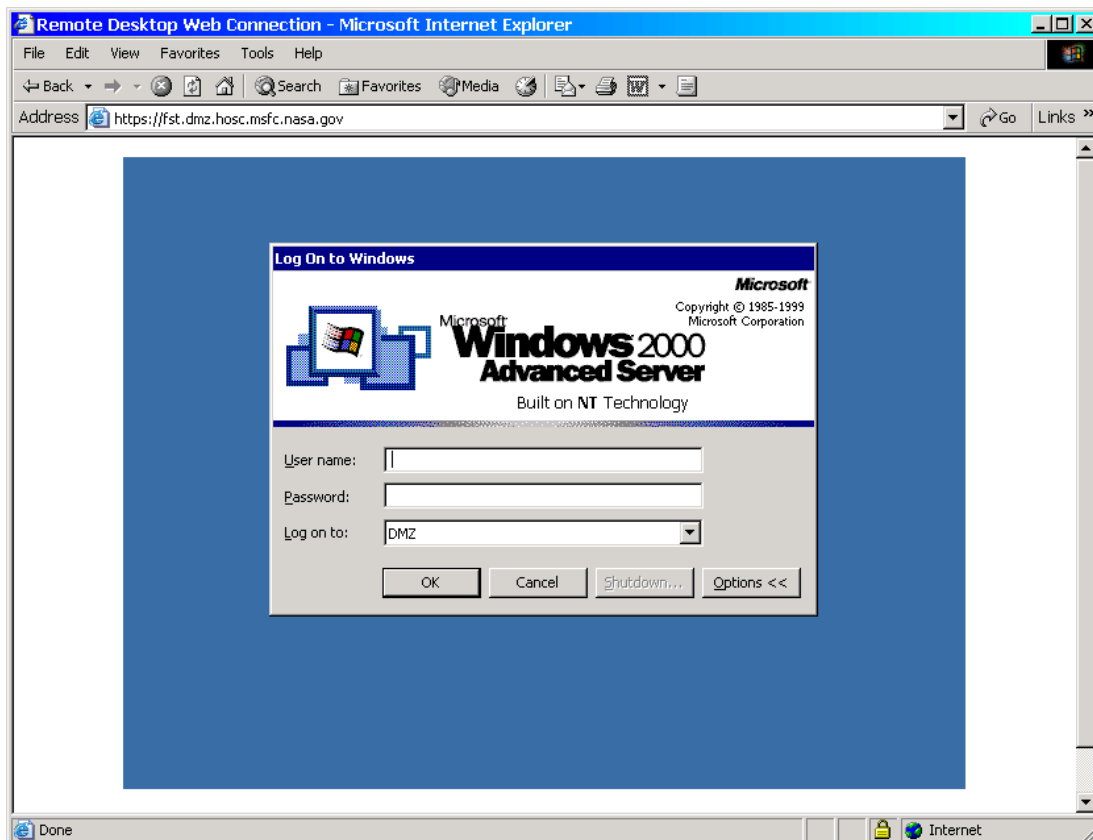

4. Select the screen size for your connection and click **Connect**.

5. A Security Warning will appear and ask you to install and run "**Remote Desktop ActiveX Control**". Click **Yes**.

6. Enter your userid and password when prompted to log on to Windows.

7. Once you log on, the screen will appear as below.

8. Click on **Start**>**Programs**
   To run **MPV,** click on **MPV 1.8c Viewer.** Go to step 8 to view MPV**.**
   To run **OSTPV**, click on **OSTPV 1.8b READ_ONLY**. Go to step 10 to view OSTPV.
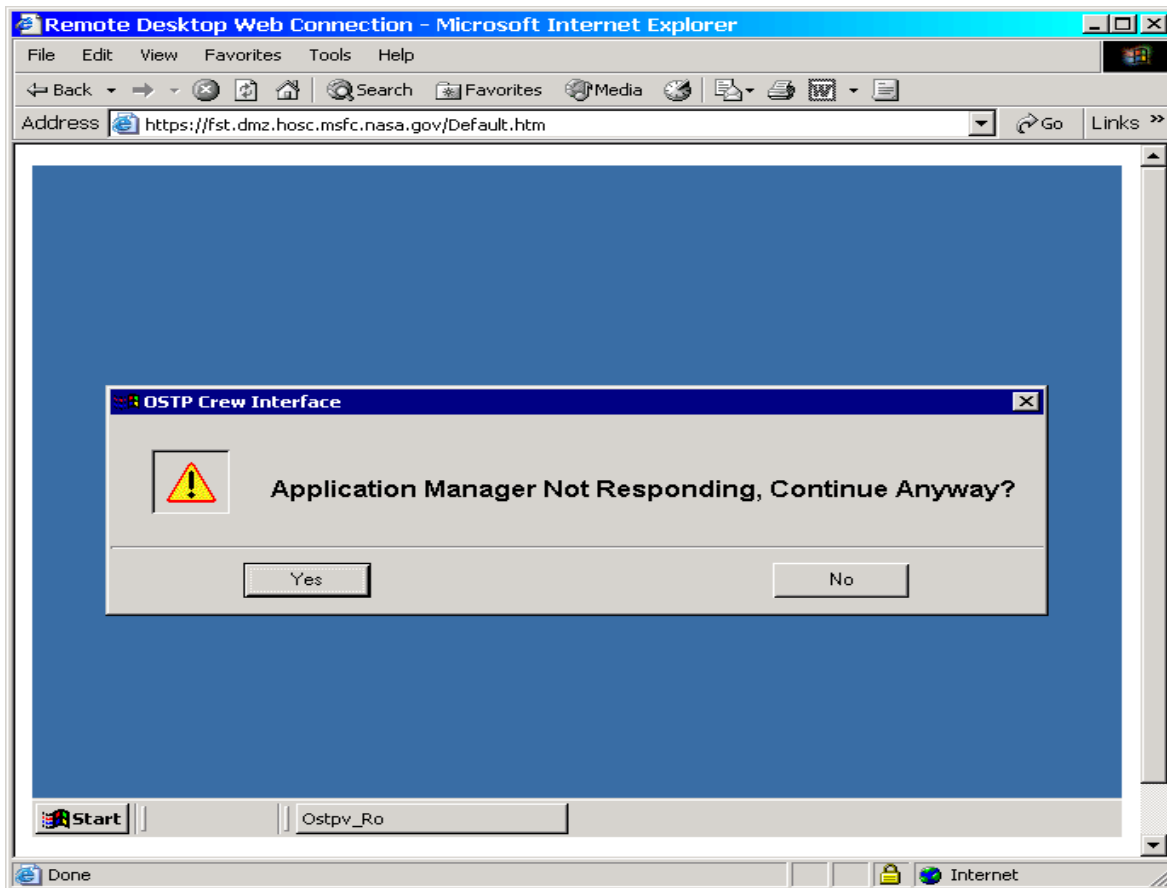

9. This is the **MPV** application.

10. To Quit **MPV**, click on **F**ile **Q**uit.

11. This is the OSTPV application. A message appears that states: **User Directory does not exist. Create user preference directory?** Please click **Yes**.

12. A message will appear that states: **Application Manager Not Responding, Continue Anyway?** Please click **Yes**.
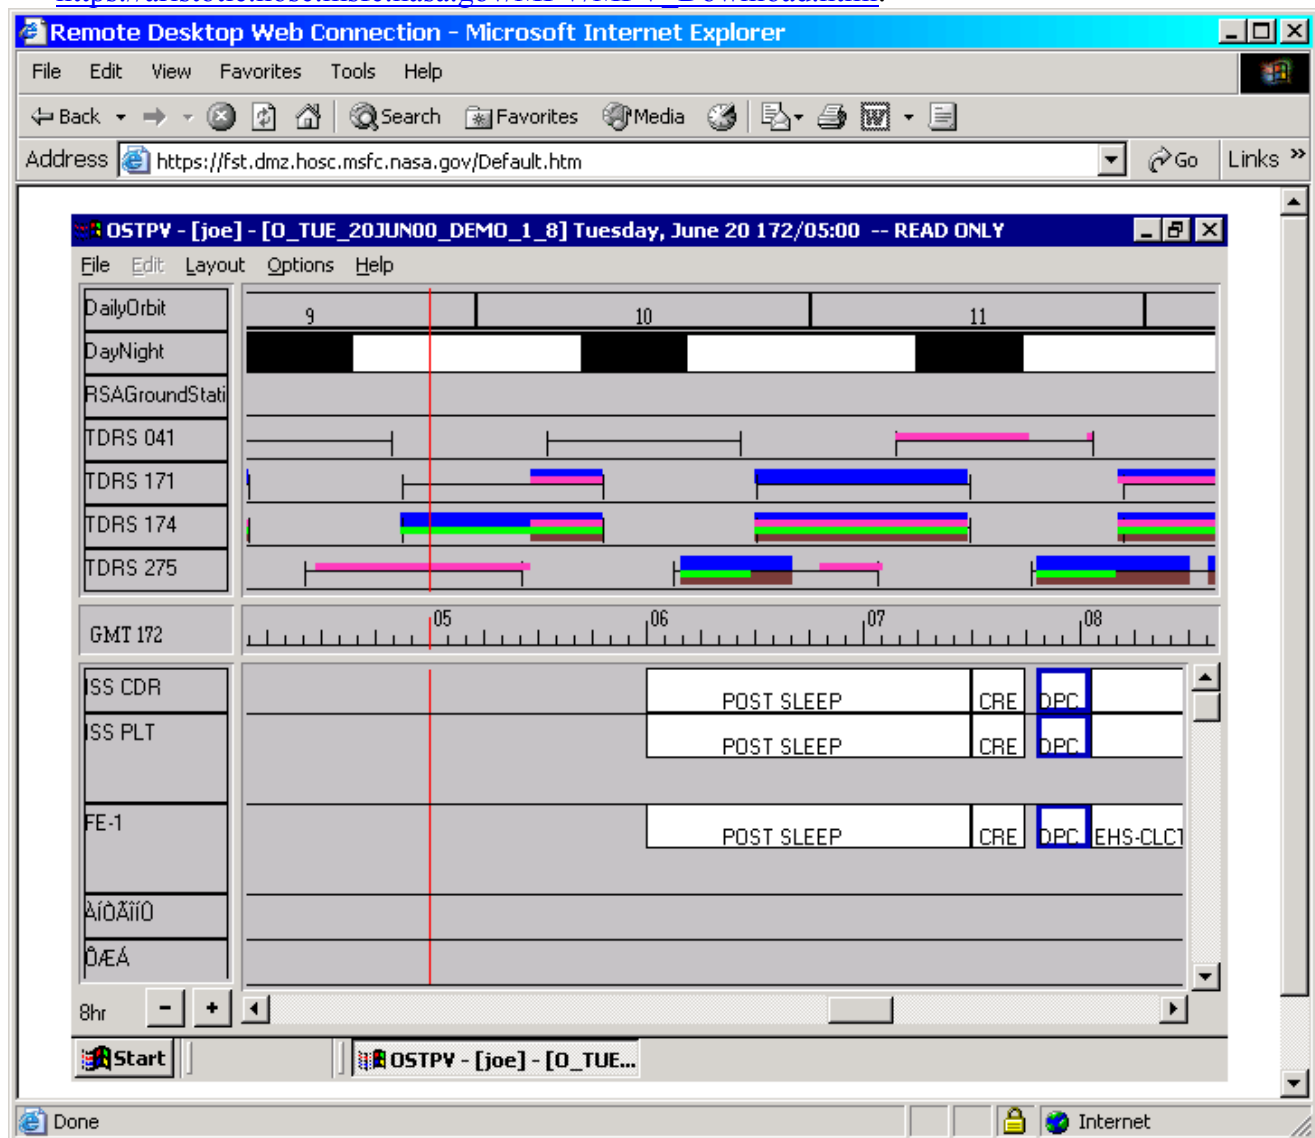

13. OSTPV will be invoked and allow you to select a Timeline. Click **OK.**
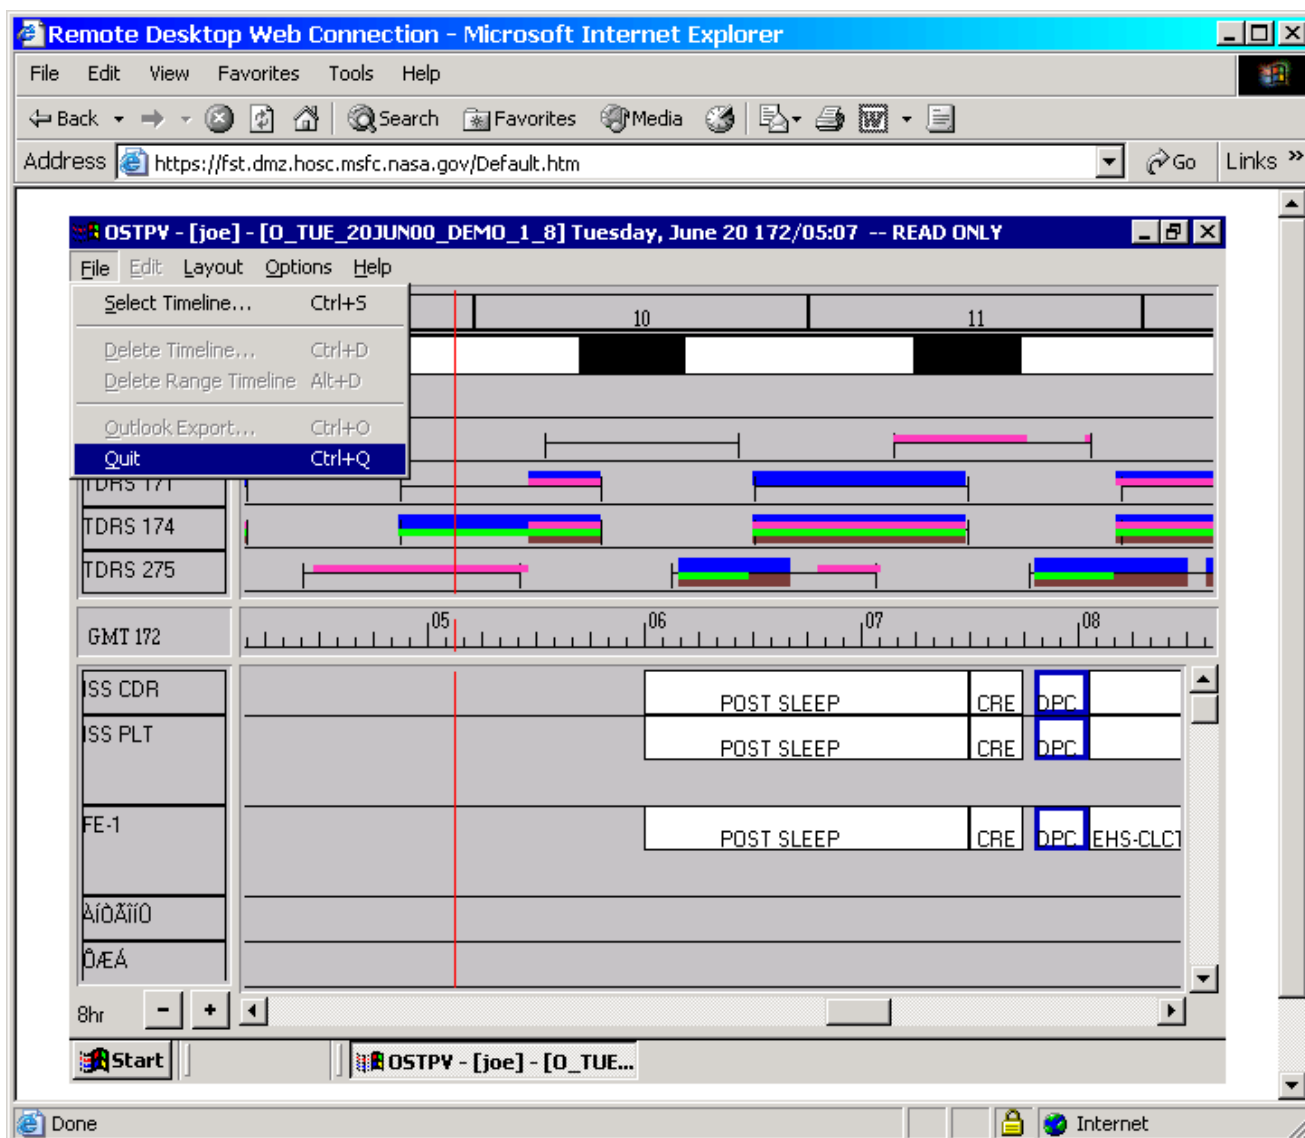

14. Here is a sample of a timeline. For the OSTPV user's manual, go to
    https://aristotle.hosc.msfc.nasa.gov/MPV/MPV_Download.html.

15. To Quit OSTPV, Select **F**ile **Q**uit.

If you are encountering any problems with the installation of service, you can call the HOSC support help desk at 256-544-5066.
